The History Moment - On the club website under 'Club Info/History" at the bottom of the history there is a link to a story about an important club meeting held in the 80's where the members gathered to vote on whether or not to keep the club going. Not to diminish the importance of that meeting, it was not the first time that happened. In Judy Fry's 40th Anniversary Edition of the club history she notes that in 1967, only 12 years after the founding of the club, the members met to decide on whether to dissolve the club. Obviously they voted to keep going but to put a point on it, on the next page Judy notes a number of sports car clubs that had dissolved. Among these were the Dartmouth Motor Sports Club, the Pease Air Force Base Club, the UNH Sports Car Club, The Pony Pilots Mustang Club, Granite State Corvettes, and more.
